## Four incumbents defeated

# Necaise upsets Rutherford

By **ELLIS CUEVAS**  
AND  
**EDGAR PEREZ**  
Incumbents fared badly in Hancock County Tuesday when the Chancery

Court clerk and three district office holders were apparently defeated in a Democratic primary runoff election. County school administrator Mike Necaise, who throughout the campaign

had termed himself the "alley cat" in the race, upset J. D. (Big) John Rutherford for the court clerk's post he had held for the past eight years.

In an extremely close race which obviously will require a recount, challenger Billy Sills, principal of North Bay Elementary in Bay St. Louis, led incumbent Hancock County Superintendent of Schools Terry Randolph by two (2) votes in the unofficial count Tuesday night.

Incumbent Beat Three Supervisor Oscar Peterson, seeking nomination to a third term on that board, lost to former constable Roger Dale Ladner. Those unofficial totals are Ladner - 1,079; Peterson - 948.

The fourth incumbent, District Four Constable A. C. Carver, was defeated in his bid for re-nomination by an unofficial total of 80 votes. Carver polled 877 votes to 957 for his opponent, Gerald Tomasich.

Complete but unofficial returns Tuesday night showed Necaise polled 4,324 votes to 4,284 for Rutherford.

Outcome of the Necaise-Rutherford race remained uncertain until about 10 p.m. Tuesday, when the Dedeaux box came into the Courthouse, giving Necaise a 43-vote edge.

Only the Kiln No. 2 box remained out, and reports of the totals from that precinct telephoned to the Courthouse showed a seven-vote margin between the two.

Necaise, who had paced the floor

throughout the evening, was hard-pressed to constrain his excitement at being the apparent winner, and Rutherford graciously asked for a pause in the vote-counting procedures

to make an emotional concession statement.

"Apparently I am unofficially trailing by 50 votes - a very qualified man has been elected," Rutherford told

the alternately elated and hushed crowd in the Supervisors Boardroom. "I offer my every assistance to him and Hancock County, I will not let him

In unofficial returns, Necaise defeated the incumbent 4,324 to 4,284. A general election will be held Nov. 7, with deadline for independents to file for that contest set Sept. 7.

## Peterson bests Dobson

By **LESLIE WILLIAMS**  
Hancock County Chief Deputy Sheriff Ronnie Peterson will represent the Democratic Party in the November

election for county sheriff. "I'm happy," Peterson said after winning the second Democratic Primary election Tuesday for county

sheriff. "I'm also tired; I campaigned long and hard," he added. In both Democratic primaries Peterson received more votes than any other candidate bidding for sheriff.

Facing Justice Court Judge Joe Dobson in the second Democratic primary Tuesday, Peterson defeated his opponent 5,468 votes to 3,101, according to unofficial returns.

Winning by 2,367 votes, Peterson has said he will allow the jail book, which lists people who have been arrested, booked and those housed in the County Jail to be available to the public.

In state elections, Lt. Gov. Evelyn Gandy lost the Democratic nomination

## Youth Court commits six to state schools

Three juveniles were committed to state training schools during the August 22 term of Hancock County Youth Court.

Three other juveniles were com-

mitted during the July term of court. Two of the juveniles were sent to Columbia Training School on charges of probation violation stemming from a possession of marijuana charge and the

other for auto theft.

The other four were sent to Oakley Training School on charges of auto theft; burglary; parole violation; and breaking and entering.

A total of 44 cases were docketed for official handling during July and August.

Nine of the cases considered dealt with neglect or abuse; 24 were on delinquency charges; dispositions were rendered in six cases; and the balance of the case load was continued to later dates.

The delinquency charges handled through the court included: parole violations; concealed weapons charges; breaking and entering; grand larceny; malicious mischief; violation of a suspended commitment; forgery; and auto theft.

The malicious mischief cases were the result of an incident at a school in which bicycle tires were slashed. Restitution was ordered in the cases and the juveniles were placed on probation in the custody of their parents or custodians.

During the July-August term of Youth Court, eight cases were handled by the Bay St. Louis Police Department; four were handled by the Hancock County Sheriff's Department; and four cases were under the jurisdiction of the Wayland Police Department.

Dispositions were rendered in four Wayland cases continued from the June term of court.

## Former Echo building to house antique mall

By **RICH ADAMS**

An 'antique mall and craft arcade' heralded as "a major Gulf Coast tourist and marketing attraction" located in the former Sea Coast Echo building on Second Street is slated for completion in January or February, according to owners Donald and Dorothy Brown.

Plans are currently being drafted for Shieldsboro Square, a 15-shop mall, and a scale model of the building is being constructed by David Kulick, Brown said.

The building is slated to house an antique mall, coffee shop, gallery, and crafts arcade, according to Brown.

A residential double building next to the proposed mall will contain arts and crafts, but no opening date is slated for that project, the owner added.

The structure which housed the Echo, a 19th-century framed building, will be renovated to resemble its original architecture.

Stairs will be constructed in front of the mall leading to the upper story, and the rear of the building will be

renovated to resemble the original also, Brown stated.

Ramps to aid the elderly and handicapped will be the only modern attachments, the owner noted.

"The mall will house approximately 13 to 15 shops, primarily dealing in antiques," Brown said Wednesday.

"The double (next door) will, in time, be used as a crafts building," he continued.

"We will not have reproductions in Shieldsboro Square, only originals. If we do have reproductions, they will be segregated in another section of the building," he added.

Although the mall is being advertised as a tourist attraction, Brown said local people will determine the success of the proposed project.

"We will cater to local people primarily, of course," Brown emphasized.

Brown and his wife also own the former Mauffray home on Main Street, which houses the Homestead Restaurant.

## Armed robbery suspects nabbed

By **RICH ADAMS**

Two Gulfport men arrested Monday for possession of stolen goods have been identified by witnesses as the duo who robbed Seymour's Jewelry Store in the Bay St. Louis Mall July 11, according to Hancock County Sheriff Sylvan J. Ladner Jr.

Jerry Wayne Bridges, 24, 2210 31st Ave. and Elijah A. (Sugar) Belino, 29, 2007 31st Ave., both of Gulfport, were arrested Monday afternoon in front of the jewelry store they are suspected of robbing, the sheriff reported.

Ladner said his department received a call that the pair were in front of the jewelry store, and Deputies A.J. Cuevas and Willy Lee, along with Bay St. Louis Police Chief Douglas Williams, Bay Policeman Larry Ladner and Investigator Michael Hobby responded to the call.

After apprehending the two men, the lawmen also discovered two women were riding in a 1968 maroon Old

smobile 88 with Bridges and Belino, and they were also arrested.

The two women were identified as Glenda Smith, 34, and Gloria Jean Taylor, both of 1312 Geneva Dr., Gulfport.

The two men were picked by victims of the July 11 armed robbery from a line-up of six men, Ladner reported.

They have been charged with possession of stolen goods, possession of marijuana and narcotics, and armed robbery. They are slated for a hearing before District Four Justice Court Judge Lloyd Anderson Sept. 5 at 7 p.m., Ladner said.

The two suspects were lodged in Hancock County Jail under \$120,000 bonds each on the several charges, the sheriff continued.

The women are charged with possession of stolen goods and possession of marijuana and narcotics, he added.

They are each lodged in the jail under \$20,000 bonds, Ladner reported.

## Electors

## down school bond issue

By **LESLIE WILLIAMS**  
Approximately 55 percent of Hancock County School District electors voted against a \$3.7 million capital improvements school bond issue in a special election Tuesday.

Electors voted 2,394 for and 1,950 against the bond issue proposal.

Diamondhead West residents voted 73 for to 25 against the proposal, but neighboring Diamondhead East polled 51 against to 37 for.

A majority of voters in Ansley, Pearlinton, Lakeshore, Clermont Harbor, Bayou Phillip, Arlington and West Shoreline Park precincts favored the new construction.

And majorities in Leestown, Flatop, Crane Creek, Standard, Dedeaux, Catahoula, and Fenton precincts downed the proposal.

Electors in the two Kiln boxes were approximately split on the issue.

The superintendent of that school district, Terrell Randolph, was also downed by the majority of Hancock School District voters.

North Bay Principal Billy Sills apparently toppled Randolph by two votes on the unofficial returns.

## Mississippi Sierra Club cites auto air pollution

More than half of the air pollution caused by mankind comes from the family car.

In downtown areas cars account for 90 percent of the air pollution.

Because air pollution seriously affects health and the public welfare, emission control devices have become standard equipment on autos.

A year ago, August 1977, an amendment to the Clean Air Act made it a federal crime for motor vehicle repair shops to remove, disconnect, damage, or in any way render ineffective any emission control device.

However, in Mississippi about twenty to thirty percent of drivers either try to remove the emission control devices themselves or have mechanic illegally tamper with the system.

This is done under the mistaken impression that emission control devices cut down on gas mileage.

Studies indicate that tampering with emission control devices will not improve gas mileage. Ironically, in some cases tampering with emission control

devices will have the opposite effect—a car with the devices removed will get less miles per gallon.

Emission control devices are not just stuck on a car. They were designed as an integral part of many of the components of the engine, including the carburetor, distributor, intake manifold, and EGR valve.

Tampering with an emission control device can impair the functioning of the engine, resulting in a loss of fuel economy as well as an increase in the release of harmful gases into the atmosphere.

The best way to achieve the maximum mileage is to keep your car tuned up. Studies of emissions inspection-maintenance programs show that cars failing the emission test get four to ten percent better gas mileage once their emission controls have been professionally serviced.

Other ways to save on gas and hold down on air pollution are:

1. Observe the speed limit. You waste 10 to 15 percent of your fuel for

every 10 miles an hour you go over 50.

2. Accelerate modestly. Drive at a steady pace.

3. Coast to a stop where possible. Slamming on the brakes wastes gas.

4. Do not idle your car engine and start it up again.

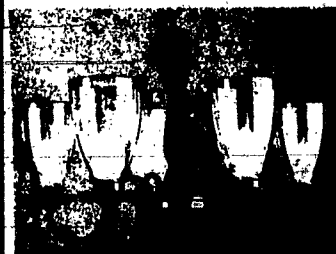

5. Use gasoline octane and oil grade recommended by the manufacturer.

6. Check the pressure regularly. For every pound of pressure under recommended amount.

7. Ride a bike or use public transportation.

For further information on a campaign to keep Mississippi air clean write Chris Jacob, The Sierra Club P.O. Box 4335, Fondren Station, Jackson, MS 39216.

Many of the world's great rice dishes...such as the Creole-Cajun jambalaya...the pilau of Charleston...the paella of Spain...the Arroz Con Pollo of South America and Mexico...and so on, came about through thrifty housewives' efforts to stretch the main dish and to make use of whatever was on hand.

I like the way Spanish and Mexican cooks, just as we do, combine sausage and chicken, cooked along with rice, for the spiciness of the sausage and the delicacy of the chicken make a memorable combination.

**CHICKEN & SAUSAGE, SPANISH STYLE**  
2 1/2 lbs. chicken pieces  
1 lb. sausage links, large size (mild or hot, as you prefer, or mixture of both)  
1/2 cup onions, chopped  
1/2 cup green peppers, chopped  
4 cloves garlic, minced  
1 cup uncooked rice  
2 cups chicken stock or water  
1 cup tiny green peas  
2 tbsp. olive oil  
1 cup dry white wine

Salt and pepper the chicken, then saute (brown over not too high heat), meanwhile cooking the sausage in a heavy skillet. (I usually steam my sausage first, in just a bit of water or wine, covered, of course, then uncover the pan and continue cooking slowly.)  
Cook the onions and peppers and garlic along with the sausage towards the end of its time, then add the chicken pieces, and swirl a generous cup of the wine into the skillet, scraping the luscious "burnings" or browned bits from the bottom of the skillet.

Add two cups of boiling water (or stock for even better flavor) along with the rice, as well as a generous dash of hot pepper sauce. Simmer until the liquid has almost absorbed, then add the green peas. Spoon onto a large platter, arranging the sausage atop the rice mixture, the chicken pieces along the sides. I often add sliced, stuffed olives, or top the melange with chopped peanuts for an extra flavor touch.

warns of indebtedness**

### MONEY TALK

By Norine Barnes  
Too much indebtedness is a gradual process. Consumers usually do not get into debt beyond what they can handle all at one time. It is possible, but very unlikely.

"We have been managing a car payment of \$148.00 for several months. I don't understand why one more payment of only \$27.00 is so hard to pay," said one of the Money Management Center clients.

Each time a new loan is considered you must reassess your total financial picture. Only then can you make a wise decision about taking on more debt.

When will some of your present obligations be paid off? What additional expenditures do you expect next month, next year, or during the next three years? Will your car need replacing? What about the family vacation? Is a child entering college? Will the roof need

replacing?

Review your bank statement for six months to find the average amount you pay for food, utility bills, church, gas, recreation, clothing, housing, personal items, etc.

Your family expenditures averaged over a period of twelve months reflect your lifestyle. Don't expect your pattern of spending to be exactly like anyone else's. Your family is a unique unit.

Total your present obligations and add the monthly amount to your living expenditures. Subtract the total of both obligations and living expenditures from total take-home pay. Can you handle more credit now?

If caught in the trap of too much credit, how are you going to get relief from the stress? There are only three things a family can do when money isn't sufficient to go around. (1) Increase income, (2) Decrease spending, and (3) Change lifestyle.

DOUBLE VICTORY - Beat Three Supervisor Oscar Peterson, although defeated in his bid for a third Democratic nomination to the position by former constable Roger Dale Ladner in Tuesday's runoff, flashes a 'double victory' sign at the Courthouse Tuesday night. Peterson said Billy Sims' victory in the superintendent of schools race and defeat of a proposed school bond issue were "double victories" for the school children of Hancock County. "Now we can pass a bond issue that won't involve politics," Peterson said.

## Supervisors Association opens convention today

The Mississippi Association of Supervisors convenes its annual convention at the Biloxi Hilton Hotel today. During the three-day session, speakers slated to address the association include United States Congressman Jamie Whitten, Governor Cliff Finch, Secretary of State Heber Ladner, State Attorney General A. F. Summer, State Auditor Hamp King, State Aid Engineer Marcus Williams, Dr. Bill Linder from the Mississippi Cooperative Extension Service, Mississippi State University President Dr. James McComas, and the Democratic and Republican nominees for Governor.

Family entertainment will include a fashion show and luncheon for wives and poolside parties for children.

## Extension service predicts hot, wet month in outlook

From mid-August to mid-September Mississippi will have near normal temperatures and above median amounts of rainfall, according to the National Weather Service Outlook distributed by the Mississippi Cooperative Extension Service.

Rainfall totals across the

### Ashman attends St. Louis meet

Among highlights of a Gallery of Homes semi-annual convention August 11-15 in St. Louis, Mo. was the announcement of a new marketing and growth plan for the organization.

Dix Ashman sales manager of Mollere Realty Gallery of Homes in Waveland who attended the gathering report Gallery's new marketing plan will result in "growth and increased member services which will enable Gallery of Homes brokers to better serve the real estate public."

"Gallery of Homes will continue to recruit only quality brokers," said Ashman.

"We do not want to play the numbers game, and we are not interested in becoming the largest real estate franchise in terms of numbers of licensees."

Douglas Edwards, CBS news correspondent for more than three decades, addressed delegates at the opening session of the convention on "What's Right With America."

Edwards said, despite the impression Americans may get from watching the news, there are indeed many things right with America—things that often don't make the news.

sorghum crop is headed. These crops will be wet with dew for most of the morning hours, and more rain than usual will slow afternoon harvest operations.

Careful planning will be needed to avoid loss of insecticides in showers. Although insect numbers are lower than normal in cotton and soybeans, entomologists expect an increase at any time.

Producers will need to stay on top of radar reports and forecasts of showers which may make application of expensive insecticides ineffective, warn weather experts.

The rains may also cause extra problems with grass and weed control. Cotton specialists suggest that quality fibers will be important in the market place this year. An extra effort to keep turnrows clean may mean better prices.

Near normal temperature averages point toward several more periods of heat stress in poultry especially in late August. Managers and shippers should remain alert to the possibility of warm and humid nights, too.

## State Cancer Fund hindered by floods

Flood damage and loss during the month of April seriously decreased Cancer Control funds, particularly in the Hinds County area, according to Leo Seal Jr., 1979 State Crusade Chairman for the American Cancer Society, Mississippi Division.

Seal urged citizens unaffected by the flood to help make up an approximate \$1,000 deficit in much needed funds. The fiscal year for the ACS ends August 31.

## School for deaf registration set

Dr. Alma Alexander, superintendent of the Mississippi School for the Deaf in Jackson has announced that registration for the fall term will be September 3 and 4.

The Mississippi School for the Deaf is open to both residential and day students. All students will register on Eastover Campus.

EDWARD J. MARENGO, Air National Guard Airman Edward J. Marengo Jr., son of Mr. and Mrs. Edward J. Marengo Sr., of 408 Carroll Ave., Bay St. Louis, has graduated from the U.S. Air Force electric powerline specialist course at Sheppard Air Force Base, Wichita Falls, Texas.

Graduates of the course earn credits toward an associate degree in applied science through the Community College of the Air Force.

Airman Marengo learned how to construct and maintain high voltage power line systems. He will be returning to his Air National Guard unit at Gulfport, Miss.

Airman Marengo is a 1978 graduate of St. Stanislaus High School, Bay St. Louis.

CADET L. J. ATLOW, ROTC Cadet Larry J. Atlow, son of Joseph F. Atlow, Pearlman, Miss., recently was presented the Air Assault Badge upon graduation from the Air Assault School at Fort Campbell, Ky.

Trainees learned to rapidly and safely exit a helicopter from a variety of difficult situations. Whether descending into tree tops or lowering themselves or injured soldiers down sheer drops, the graduates are highly proficient.

Atlow is a student at the University of Southern Mississippi at Hattiesburg.

## IT COULD COST 61% MORE TO REBUILD YOUR HOUSE

### TODAY!

Suppose your house were badly damaged or totally destroyed by fire. The U.S. Department of Commerce statistics show that \$100 worth of construction in 1967 would have cost \$161.40 in the third quarter of 1974—an increase of more than 61 percent! Do you know whether you have enough insurance to cover such a loss? In these days of runaway inflation, costs of repairing or replacing damaged property have risen so high that your coverage may be left far behind.

Don't just wonder and worry whether you're dangerously underinsured. Let us review your coverages today for proper insurance to value. We know how to STRIKE BACK at inflation... let us show you how!

## BOOK REVIEW

The paperback edition of M.M. Kaye's bestselling historical novel, "The Far Pavilions," will be published as a Bantam Super Release this August, with a first printing of 1.1 million copies.

To make this 1,200 page bestseller available to the widest possible audience, Bantam has set a special introductory price of \$2.95 which applies to the first printing only.

Last year's surprise fiction bestseller in its St. Martin's Press edition, "The Far Pavilions" was a Literary Guild Alternate, has over 150,000 copies in print, and was on "The New York Times" Bestseller List for 24 weeks.

"The Washington Post Book World" as "a gleaming tapestry," and by "The Wall Street Journal" as "a lasting achievement comparable to Margaret Mitchell's 'Gone With the Wind.'"

A story of hatred, courage, intrigue, and honor, "The Far Pavilions" centers around the love between Ash, an Englishman raised as a Hindu, and Juli, a beautiful Indian princess who must choose between the heritage of her people and the man she loves.

The last Civil War veteran died in 1959, yet the Veterans Administration provides benefits for 245 widows and helpless children of Civil War veterans.

## Supervisors considering computer ballot counter

BY LESLIE WILLIAMS  
Purchase of a computer card ballot system to hasten the counting of ballots here is being considered by Hancock County Board of Supervisors.

Supervisors instructed Hancock County Circuit Clerk Henry Otis to contact a manufacturer of the computer card ballots and get a cost estimate on the system.

"Four years ago during the first Democratic Primary elections," Otis said, "adjacent Harrison County, which has the computer tallying system, finished tabulating ballots at 9 p.m. while Hancock County was not finished until 3 a.m. the next day."

"And Harrison has twice the number of voters Hancock has," he remarked. The clerk attributes the delay to Hancock County's present archaic method of having an individual count each ballot.

Otis said he will get a cost estimate on the ballot system from Computer Election Systems in Berkeley, Ca.

"I'll tell the company how many registered voters the county has. The company will in turn determine our need for its product by use of this figure," Otis said.

Board President Alton Kellar said

finances for the ballot system would have to come from the General County Fund.

"Financing is the only problem preventing the county from purchasing the ballot counting system," Kellar added.

Kellar said he hopes the municipalities of Bay St. Louis and Waveland would join in efforts with the county in purchasing the equipment.

Otis said the computer ballots would allow the voter to punch-out a hole positioned next to the candidate of his choice rather than marking the ballot with a pencil. The votes would then be added up by a machine, hurrying the process along.

Otis noted he has been trying to get the mechanized ballot counting system for many years.

Waveland Mayor John Longo states, "I'm for anything that would speed up the election process and be accurate, and I would encourage the city to aid in acquiring the ballot counting system if the system is within Waveland's financial abilities."

Bay St. Louis Mayor Larry Bennett says he also personally favors acquiring a ballot counting system.

## Bay-Waveland construction worth \$502,035

BY LESLIE WILLIAMS  
Though Waveland issued more building permits in July than adjoining Bay St. Louis, the Bay construction is estimated at \$347,405 compared to its neighbor's \$154,630.

The Bay issued a total of 14 building permits and Waveland issued 18 in July, according to statistics released by Mississippi Research and Development Center, Gulf Coast branch and compiled by city and county building officials.

Five building permits were issued for residential construction in Bay St. Louis with those constructions valued at \$215,000.

Waveland, which issued the same number of residential permits, approved residential construction estimated at \$117,030.

Neither Waveland nor Bay St. Louis

issued any permits for commercial construction during the period.

Waveland tied Bay St. Louis in other permits issued one to one, however Bay construction in this category was valued at \$108,405 compared to Waveland's total of \$500.

Under alterations, additions and repairs, Waveland lead Bay St. Louis 12 to eight. In that category, Waveland issued permits on work valued at \$37,100, and in Bay St. Louis the estimated value was \$24,000.

Outside the municipalities, Hancock County issued seven permits in July on new constructions estimated at \$121,825.

come into his office green like I was," the defeated clerk stated magnanimously.

Necaise and Rutherford embraced in congratulating each other.

Rutherford prefaced his statement, however, with an indication a recount of the votes is a certainty, "with only 50 votes separating us."

The County's Democratic Executive Committee is expected to promulgate the returns today.

Rutherford had taken an early lead which gradually dwindled until the crucial Dedaux box totals were figured in, giving the slim lead to Necaise with no chance of recovery for Rutherford.

Some 275 in Dedaux voted for Necaise, with only 68 giving the nod to Rutherford.

Rutherford's strongest box was in Waveland No. 2 which gave him a 236 to 165 margin. Overall, he led in 19 of the 35 boxes.

The race remained close throughout the county with neither candidate dominating the rural or municipal votes.

Wednesday morning Necaise said, "It was a long hot summer, I wasted a lot of air conditioning, as I was away from home a lot."

"My wife and I worked side by side throughout this campaign and since the election is apparently over until the general election in November, I am going to try and find some time for our two sons, they haven't seen me much this summer," Necaise continued.

## Sheriff's Race.....

to former Lt. Gov. William Winter.

However, Gandy received 4,873 votes in Hancock County compared to Winter's 3,705, winning the majority of votes here.

Republican gubernatorial candidate G. W. Gandy will confront Winter in the November general election.

Referring to his November opponent, Winter said at a victory celebration in Jackson Tuesday, "A novice cannot walk into the governor's office and know how to make government work and get Mississippi moving again."

After winning the Democratic nomination, Winter said of Gandy, "Your contribution to state government is impossible to measure and I'm confident it will continue in the years to come."

Winter also proclaimed to a group of

cheering supporters gathered in a Jackson hotel ballroom, "Our people want a change from the past and a commitment to the future. They want new ways to solve old problems that have been neglected too long."

In the race for Southern District Public Service commissioner the majority of Hancock County voters supported State Rep. Lynn Havens of Gulfport.

Havens also won the majority of votes in the state, defeating former Laurel Mayor Henry "Buck" Bucklew.

Some 4,222 Hancock County electors voted for Havens and 3,975 for Bucklew.

Bill Allain, former assistant attorney general, won the Democratic nomination over W.O. (Chet) Dillard for attorney general.

Allain also won in Hancock County receiving 5,212 votes to Dillard's 2,878.

## Coast Guard accepting cadet applications

The United States Coast Guard Academy has announced that it is now accepting and processing applications for appointment as Cadet, U.S. Coast Guard, Class of 1984. Applications are being accepted from both men and women.

Appointments as Coast Guard Cadets are tendered solely on the basis of an annual nationwide competition with no congressional appointments or geographical quotas.

Applications for appointment must be submitted to the Director of Admissions, U.S. Coast Guard Academy, prior to December 15, 1979.

Candidates must arrange to participate in either the College Board Scholastic Aptitude Test (SAT) or American College Testing Assessment (ACT) prior to or including the December 8, 1979 administration for the ACT and the December 1, 1979 administration for the SAT.

The competition for appointment as Cadet is based on the candidate's high school rank, performance on either the SAT or ACT, and leadership potential as demonstrated by participation in school extracurricular activities, community affairs, and other activities.

High school seniors and college sophomores are eligible to apply. Candidates must be U.S. citizens, have good academic standing, and be recommended by a high school or college teacher.

petition, an applicant must be unmarried at the time of appointment, have no legal obligations resulting from a prior marriage, and must have reached the age of 17 but not 22 by July 1, 1980.

All applicants must be assured of high school graduation by June 30, 1980. Applicants must have completed three unites in English, and three in mathematics to include algebra and plane or coordinate geometry or their equivalents, and must fulfill basic physical and moral requirements.

Coast Guard Cadets obtain an excellent undergraduate education at no personal expense. In addition, they receive pay and allowances fully adequate to fulfill their ordinary living expenses.

The constantly updated Academy curriculum offers nine majors which include: electrical civil, ocean and marine engineering; marine, mathematical and physical sciences; management and government.

These areas of academic interest, combined with varied elective courses, establish a solid foundation for a challenging career.

Graduates of the Academy are awarded a Bachelor of Science degree and are commissioned as ensigns in the United States Coast Guard.

Selected graduates may pursue graduate study in the United States or abroad, or enter the Coast Guard service.

civilian and military graduate or professional schools in such fields as aviation, business administration, electronics, engineering, law and oceanography.

The young Academy graduate can look forward to a varied, exciting, and demanding career as a regular Coast Guard Officer. The Coast Guard performs essential humanitarian missions vital to the safety and saving of lives at sea.

Under the auspices of the Department of Transportation, the Coast Guard establishes and coordinates search and rescue operations by ship and plane, maintains advanced electronic aids to navigation, scattered around the globe, operates the icebreakers which clear the way for all polar expeditions, and enforces marine law and all aspects of Merchant Marine safety.

In addition, the Coast Guard has responsibility for boating safety and marine environmental protection.

Applications and additional information may be obtained by writing to: Director of Admissions, United States Coast Guard Academy, New London, Connecticut 06320.

Mrs. Charles Gandy, mother of Gandy, said she was proud of her son's achievement. She said Gandy was a member of the National Honor Society and was a member of the National Aeronautics and Space Administration (NASA).

Gandy was a member of the National Aeronautics and Space Administration (NASA) and was a member of the National Aeronautics and Space Administration (NASA).

## Federal funds available to repair beach road

BY LESLIE WILLIAMS  
Federal funds are available to repair Hancock County beach road, stated Hancock County Board of Supervisors President Alton Kellar at Monday's board meeting.

"It's just a matter of time before someone from our congressional district, Trent Lott, John Stennis or Thad Cochran, announces the appropriation of funds to our county," Kellar added.

The beach road was initially damaged by an April tropical storm and again by Hurricane Bob in July.

Sand berm protected beach road from erosion along most of the roadway which extends from the mouth of Jordan River to the mouth of Bayou Cadet.

But that sand "buffer zone" was washed away in several places and was already non-existent in several areas.

And acquisition of federal funds to restore the sand berm appears bleak, supervisors say.

Also at the meeting, Beat One Supervisor Bert Courge complained construction workers outside Mississippi are being employed at the U.S. Army Ammunition Plant being constructed at National Space Technology Laboratories near Bay St. Louis.

The board approved a motion by Courge to have a letter sent to Mississippi Senator John C. Stennis requesting more local and state construction laborers be employed at the plant.

A public meeting scheduled Thursday, Sept. 6, at 7 p.m. at the Coast Electric Power Association Auditorium

to discuss maintenance dredging of a channel from Port Blenville Industries on Mulletto Bayou through the East Pearl River and Little Lake Pass to the mouth of the Rigolets was called "real important" by Hancock County Chancery Clerk John Rutherford.

Rutherford and Port and Harbor Commission Director Wilson Webb said people interested in keeping the route open should attend the meeting.

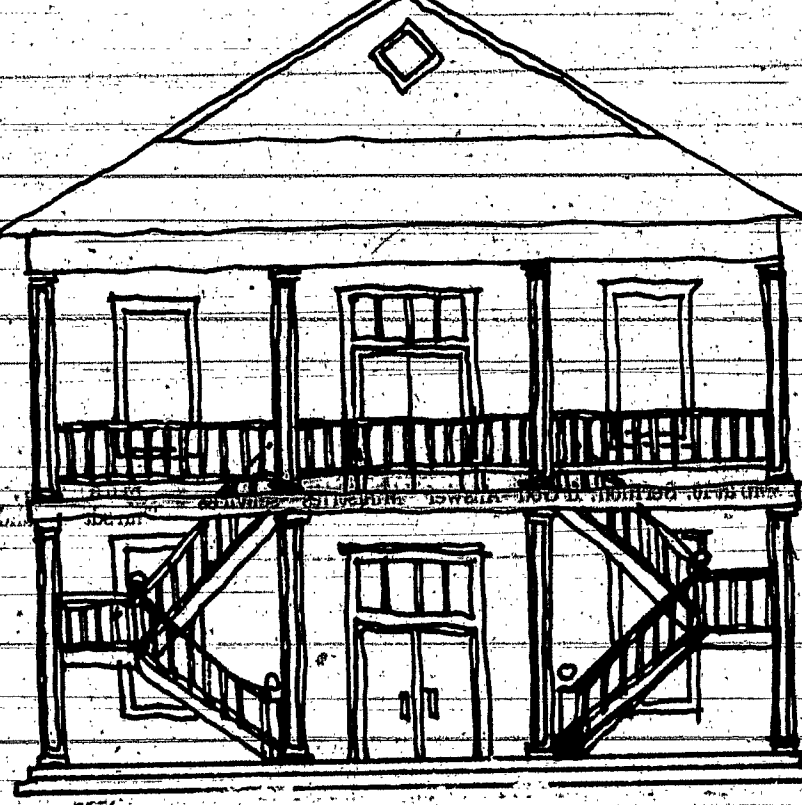

In other matters the board:

Approved the appointment of Roger James, assistant principal at Bay Junior High, to the Hancock County Library Association Board. James replaces Bill Tate whose term expired.

Listened to Hancock County Sheriff Ladner state demands recently submitted by county jail prisoners. Demands include: "to be respected and treated like humans; to maintain personal hygiene equipment; phone calls twice a week; legal aid assistance; work programs for the eligible; a one hour exercise period each day; more fruit-and-milk-with meals; new shower curtains; fix leaking showers and sinks; be provided with work programs; one carton of cigarettes for each inmate; television for cells one and two; mail not be withheld for any reason."

"The only thing they didn't ask for was a trailer for their women," Sheriff Ladner remarked.

Approved a low bid of \$92,291 from Balboa Services Inc. to construct a fire station for the Fire Protection District.

## MEC News

COUNTY ROADS  
AN EXPENSIVE HABIT  
Management of county road programs in Mississippi, with few exceptions, is a five-way proposition, with each supervisor having his own labor force, equipment budget, and method of building and maintaining roads in his district.

This results in over 400 county road departments commanding approximately 60 percent of each county's revenue - excluding schools.

Studies conducted in the early 1970's for the state legislature concluded, "Counties with central control procedures, wherein the five districts are combined into one, tend to reduce the inefficiency, illegality, and other undesirable elements that thrive in other counties."

This same investigative committee reported losses of millions of dollars due to inefficient management of the county road systems operating under the best system.

A Mississippi Economic Council study - conducted at the same time as the legislative investigation - revealed that among the states an average of 17.5 percent of highway user taxes was used for county road purposes - twice the national average.

Under a county unit system, where all county road districts are administered by a county-wide authority, management of county roads would be more efficient and less costly.

Improving and maintaining roads and highways is a major responsibility of the county government.

The MEC is committed to the belief that a more efficient and less costly county road system is essential for the economic development of the state.

NAMED FOR HER SON, Mrs. William G. Gandy, wife of the late Congressman, Admiral Thomas B. Hayward, Chief of Naval Operations, admires a bronze sculpture of her son, which is the late Marine, William G. Gandy, who died during commissioning of a new Navy destroyer named in his honor Aug. 15 at Ingalls Shipbuilding Division in Pascagoula, Miss.

Hayward, principal architect of the Vietnam War, died in 1968 while serving as the late Marine officer, and his death was a great loss to the country.

Mrs. Gandy said she was proud of her son's achievement and that she was glad to see the statue of her son in the new destroyer.

## Mental health of elderly subject of workshop

A workshop on "Mental Health of the Elderly" is being offered Sept. 12-13 at the Admiral Benbow Inn in Biloxi. The University of Southern Mississippi School of Nursing, which is accredited by the Southeast Regional Accrediting Committee of the American Nurses' Association as a provider of continuing education for nursing, is sponsoring the workshop session.

## Star-filled lineup slated for telethon

Peter Frampton, Kiss, Paul McCartney and Wings, Ringo Starr, the Rolling Stones, Todd Rundgren, and the Village People are among the popular recording artists who will join host Jerry Lewis on his annual Labor Day Telethon to benefit the Muscular Dystrophy Association (MDA).

Also scheduled to appear are Abba, Journey, Dave Mason, Eddie Money, Seals and Crofts, and Ronnie Wood and Friends.

The show can be seen on WGNO, Ch. 26, New Orleans.

The 21½-hour extravaganza will run non-stop from 9:00 p.m. (EDT), Sunday, Sept. 2 until 6:30 p.m. (EDT), Monday, Sept. 3, will originate from Del Webb's Hotel Sahara in Las Vegas—the Telethon homebase for the seventh straight year.

Todd Rundgren and Utopia also will headline a special "Superdance" at the Las Vegas Convention Center Labor Day weekend. More than 3,000 dancers are expected to take part in this marathon event, from which live segments will be telecast throughout the Telethon.

A Telethon "Love Network" of more than 200 stations in the continental U.S., Hawaii, Alaska, Puerto Rico and Guam will bring the super-show into millions of homes. The annual Jerry Lewis Telethon raises nearly half the money needed by MDA to support its extensive research and patient care programs. Last year the show went off the air with a record pledge total of \$29,074,405.

## Med School frosh listed

Two Hancock County residents are among 150 freshman medical students registering this week in the University of Mississippi School of Medicine at the Medical Center.

They are Billy Allen May Jr. of Bay St. Louis, son of Billy A. May Sr. and Mr. and Mrs. Alan Woodall, and a graduate of the University of Mississippi, and Robert Lee Warner Jr. of Waveland, son of Mr. and Mrs. R. L. Warner and also an Old Miss graduate.

Total anticipated enrollment in the UMC medical school this fall is 612.

The American Nurses' Association Standards of Geriatric Nursing Practice will be used to define criteria for quality assurance to the patient and as a basis for evaluation of geriatric nursing practice.

Nurses will learn the type data needed for a comprehensive health history and how to develop a patient care flow chart.

Other class experience will include construction of a nursing model for geriatric nursing practice.

Pauline R. Sommers, R.N., Ed.D., associate professor of nursing at USM, will serve as faculty for the workshop. She holds the Ed.D. in administration of higher education from USM and the

master of science in psychiatric mental health nursing from Wayne State University.

She has professional experience in adult and child community mental health nursing, state mental hospital nursing, and family, group and individual therapy.

She has been program training director of continuing education community mental health nursing at USM for the past five years.

Registration will be held from 8:30-9 a.m. with class sessions both days from 9 a.m. to 4 p.m. The workshop carries 10 contact hours of credit for successful completion.

# VFW Auxiliary hosts Bay PD appreciation banquet

**BAY POLICE FORCE** - Regular and Auxiliary policeman and dispatchers attended a buffet dinner Thursday night sponsored by the Veterans of Foreign Wars Post 3253 Ladies Auxiliary. Lawmen attending include from left, Richard Trudell, Wilbert Dorsey, Larry Ladner, investigator, Michael Hobby, Daniel Plaisance, Ms. Gwen Fredricks, Harris Boudreaux, Elton Williams, Albert Biehl, Chief Douglas Williams, Alvin Favre, Christopher Wilkerson, Charles Bois, Ms., Lillian Bermond, chief clerk; Beverly Lee, Gordon Campbell and Alton Benoit.

By **ELLIS CUEVAS**  
The Bay St. Louis Police Department received an unusual treat Monday night when the Theodore S. Price Veterans of Foreign Wars Post No. 3253 Auxiliary treated the officers to a buffet dinner.

Bay Chief Douglas Williams announced that, "My staff and I are indeed grateful for the kindness shown the police department tonight."  
Mayor Larry Bennett, on hand for the special occasion, said when asked what he thought about the dinner, "I am most grateful for these

ladies doing this, especially to have an organization saying the police department is doing a great job."

The mayor continued, "The job they (police) do is out of dedication to the Community, certainly not for the small salary the City can afford to pay them."

Veteran officer Alvin Favre, who started around the same time as Chief Williams, Mayor Bennett and all the other police and auxiliary policemen reported this was the first time any of them ever

## Slidell Little Theatre presents 'King And I'

Slidell Little Theatre will soon be presenting "The King and I" at the Theatre on Nellie Drive in Slidell. The three weekend run will open Friday and continue Sept. 1, 7, 8, 14 and 15 with a special matinee on Sunday, September 9 at 3 p.m. Curtain time for evening performances is 8 p.m.

will appear as the King with other major roles being played by Marian Steed as Anna, Jay Bruhn as Lun Tha, and Peigi Leach as Tuptim. These veteran performers head the 40-member cast of the beloved Rogers and Hammerstein musical. Other productions scheduled by the non-profit

organization for the 1979-80 season are "The Hound of the Baskervilles" in October, "The Stingiest Man in Town" in December, "Sleuth" in January, "Heaven Can Wait" in March and "Two by Two" in May. For further information, reservations or directions call Slidell 643-0556 or 643-2572.

## Lott labels Iran-American heating oil trade 'absurd'

Shipping \$47 million worth of American-refined heating oil to Iran while even the threat of a winter shortage exists at home is "absolutely absurd," Congressman Trent Lott, R-Miss., said today.

"This is another clear example of the misguided energy policies that have put the United States in the energy bind it's in today," the congressman said. Lott made the comments in response to reports that the U.S. will ship No. 2 heating oil and kerosene to help alleviate some current shortages in Iran.

"The American people have endured long lines at the gasoline pump, energy shortages of most every description, and, now, our heating oil is being shipped to the very country most responsible for our situation," Lott said.

"I am appalled that our scarce fuel supplies would be misused in such a manner," he said. "It's absolutely ab-

surd in view of the fact that U.S. refineries have been called upon to stockpile enough home heating oil for domestic needs during this coming winter."

The Fifth District congressman said shipping American-refined heating oil to Iran was like giving more gold to King Midas. "It seems to me that, in the eyes of the American people, these shipments will be impossible to justify."

## SENIOR CITIZEN EVENTS

By Eve McDonald

We really had a great time at the County Wide Birthday Picnic at Buccaneer Park Monday.

About 20 seniors from Mobile came with their Trailer and played some super music for us.

The rainy weather didn't dampen the spirits, even if it kept a few people home. There was singing and dancing in the park!! We invited them back for our Christmas Party in December.

We were happy to have some of our politicians with us even some that were not running in the second primary. They have all been so good to us and our program, we do thank them.

The delicious birthday cakes were donated by Peoples Federal Savings & Loan and Security Savings and Loan. Many thanks to these fine institutions for their generosity to us.

Our Birthday Prize winners were Josephine Hopkins

dinner for two at Scafidi's Wheel Inn; and Mabel Moran dinner for two at Denny's Fried Chicken. Thanks for these two nice prizes that are donated monthly.

### DO YOU LIKE BOARD GAMES?

We have a senior citizen gentleman in Bay St. Louis who would like to play cribbage or chess - any takers? Call Jim Hoda at 467-9292 if you are interested. If enough of you are interested, we can have a special time to play here at the Center, or a convenient place.

### COMING EVENTS

Wednesday, Sept. 5 at Edgewater Mall there will be a Fall Arts and Crafts Festival. Our Art Class will have their easels up and they will be displaying their painting talent. Also, we will have a display of arts and crafts from the Bay of our

We know that most senior citizens want to keep their work for their friends and children, but if you want to buy anything else that is made by senior citizens, come to the Mall.

### FUNDING

We receive our local match funds for these programs from the Hancock County Board of Supervisors, the cities of Bay St. Louis and Waveland, and the United Way. The Federal Title XX funds come through the Dept of Public Welfare.

P.S. Please do not think that we are not interested in the welfare of our senior citizens because we do not offer sympathy to those who have lost friends and loved ones, and we do not mention those who are sick.

We participate in the RSVP Newsletter where we express our interest to all of our

EMPLOYEE OF THE QUARTER—Mrs. Patricia Harvill of Waveland, Global Associate's energy coordinator and administrative specialist for the Safety Officer and managers of Contracts, and Finance Departments, received the "Employee of the Quarter" award in recognition of her outstanding performance in accomplishing many varied assignments for several departmental managers, D. Glen Vaughan (left) and by the Contracts-Purchasing Manager, W.C. Poe. Global Associates is located at the Michoud Facility in New Orleans.

## News reports here were slow and different in 1845

A copy of the Gainesville Advocate dated June 17, 1845 was sent to me by H. V. Henley who lived in Eureka, California until his death. Gainesville was the county seat of Hancock County in 1845 and a thriving town of something like 2000 people. An old clipping I have of somewhere near that time listed Gainesville, Biloxi and Pearlport as the principal towns in South Mississippi. It is interesting to read the ads and the news in this old paper. There were no display ads such as we find in newspapers today. There was a short notice of "New Arrangements; The New and Substantial Steamer J. R. N. E. by W. M. S. Huston, Master, will continue to run as a tri-weekly Packet between Gainesville and New Orleans leaving Gainesville every Monday, Wednesday and Friday, returning Tuesday, Thursday and Saturday. For freight or passage apply to the captain on board or to Sherwood, Harper & Co. in Gainesville."

The steamship *Mad Anthony* ran regularly between New Orleans and Gainesville. Other ads advertised steamboat service as high up on the river as Georgetown. In this old paper were ads by drygoods stores and general stores. There were several ads by Commission and Forwarding Merchants. These merchants must have taken produce from the people living in the area and shipped it to New Orleans for sale on a commission basis. There were other ads by receiving and forwarding merchants. Fort & Wilcox advertised themselves as Cotton Factors, which I suppose meant handling cotton grown in the area. A firm of lawyers had their professional card in the paper. There were numerous ads for patent medicines - one saying "Purify the Blood with Moffatt's Vegetable Life Pills and Phoenix Bitters" which were guaranteed to cure many ills, among them Dyspepsia, Liver ailments, the Ague, general debility, piles, rheumatism. "Those living in what are now Pearl River and Hancock Counties and even on up into Marion and Lawrence Counties went to Gainesville to catch the boat to New Orleans. A statement from the postmaster said, "The northern mail via Columbia, Riceville and Hopedale (now Picayune) arrives every Sunday evening by a steamer and departs for New Orleans and Mobile via Pearlport and Pass Christian the following evening. The New Orleans and Mobile mail arrives Wednesday morning and returns Thursday morning."

W. M. S. Huston, Master, said that an iron ore mine in the main part of Columbia County came through in 1845.

Putting in order our public well? We merely make the suggestion."

In the old paper there was an ad for the Gainesville Hotel. There were at least two other hotels and boarding houses in Gainesville at that time. The ad for the Gainesville Hotel was as follows:

"The proprietor having built an addition to his house is now prepared to receive Boarders and accommodate Travelers and all those who may be pleased to give him a call. His table will always be furnished with the best of the market affords. His stables will be well supplied with provender and he flatters himself that by strict attention to the wants of his friends and the travelling community, to merit a liberal share of public patronage. The terms of the Hotel are as follows, to-wit:

Board per month, \$0.00  
Board and lodging, per month \$12.00

In addition to the above, the proprietor has opened a coffee house at the corner of Centre and Water Streets, where he will keep a general assortment of Spirituous and Veneous Liquors, at which establishment he hopes to share a liberal patronage. Gainesville, Aug. 1, 1845."

In this old paper an announcement was made of the opening of the Gainesville Exchange:

"The undersigned respectfully informs the citizens of Gainesville, Mississippi and its vicinity, also the public in general that he has opened a Coffee House on the corner of Centre and Water Streets, where he will keep a general supply of Veneous and Spirituous Liquors. He is also preparing to open a Billiard Room, attached to the same. He will, in the meantime, be prepared to open a House of Entertainment in a few weeks, for the accommodation of all gentlemen and ladies who may desire to visit him with their families. The undersigned is from his long experience in the above business, confident that patronage he will receive."

W. M. S. Huston, Master, said that an iron ore mine in the main part of Columbia County came through in 1845.

## Harvest Queen pageant set on PRJC campus

The Fourth Annual Miss Harvest Queen Pageant will be held Saturday, Sept. 22, 1979, at 7:30 p.m. in Moody Auditorium on the campus of Pearl River Junior College in Poplarville.

The pageant is open to young single ladies between the ages 3 and 18. Crowns, trophies and banners will be awarded in four divisions: Tiny Miss Harvest Queen, ages 3 to 6; Little Miss Harvest Queen, ages 7 to 10; Junior Miss Harvest Queen, ages 11 to 14; and Miss Harvest Queen, ages 15 to 18.

Contestants will model Fall or Winter sportswear only and no talent routines are required.

Judging is based on poise, personality and overall appearance.

Entry forms may be secured by contacting Mrs. Tom Sones at Rt. 3, Box 341, Poplarville, 39470, or by calling (601) 796-7165 or 796-5691.

## USDA sets school breakfast criteria

A new U.S. Department of Agriculture rule should result in more consistent state standards for defining schools in severe need of a breakfast program. Such schools may qualify for higher rates of reimbursement.

The new rule will help make breakfast available to more needy children on a more equitable basis.

In the past, state agencies have used many different criteria to assess need for higher reimbursement rates for the breakfast program. Under the new rule, a school is in severe need if 40 percent or more of lunches served under the school lunch program are provided free or at reduced prices, or if the school is required by state law to serve breakfast.

These criteria are required by the Child Nutrition Amendments of 1978, enacted in November.

The rule also clarifies the reimbursement procedures for school food authorities which have schools in severe need.

The rule was proposed in January and 14 comments were received. The final rule, which was published in the Aug. 17 Federal Register, became effective July 1.

## Echoes

Henry Doussan Jr. of Metairie, La., spent the weekend with his parents Mr. and Mrs. Doussan Sr.

Mrs. Audrey Carr of New Orleans visited last week with her mother Mrs. Albert D. Biehl Sr.

## LEGAL NOTICES

**NOTICE TO BIDDERS**  
The Hancock County School District advertises for sealed bids for a 1979 20 passenger school bus equipped with a lift to transport physically handicapped children. **STATE OF MISSISSIPPI**  
**COUNTY OF MARION**  
**PUBLIC NOTICE**  
**INVITATION TO BID**  
To all persons interested in the following described lands in Hancock County, Mississippi, to-wit:

The W 1/2 of Section 3, Township 35 South, Range 15 West, Hancock County, Mississippi, less 2.10 acre in the SE Corner thereof, measured 1 chain east and west by 2 chains north and south, containing 30 acres.

You are hereby notified that sealed proposals to lease for oil, gas and mineral exploration and development of the above-described lands granted in lieu of Sixteenth Sections may be filed with the Superintendent of Education of the Marion County School District, at Columbia, Mississippi, on or before 4:00 p.m. on the 4th day of September, 1979, and you are invited to submit sealed bids specifying the terms to be paid by the lessee for said lease. The form of said oil, gas and mineral lease as prescribed by the Board of Education, and the terms and conditions, including the royalty to be retained by the lessor, shall be paid by the lessee, and the primary term of the lease, is now on file and available for inspection in the office of the Superintendent of Education of the Marion County School District, at Columbia, Mississippi, where it may be inspected by all interested parties. The sealed bids submitted will be opened at 6:00 p.m., or as soon thereafter as conveniently possible, on the 4th day of September, 1979, at a public meeting of the Board of Education of the Marion County School District, at Columbia, Mississippi. The Board will accept the highest and best bid, but it is not bound to accept any bid.

Witness my hand and the Seal of said County, this 21st day of August, 1979.

**IN LOVING MEMORY OF OUR DEAR SON AND BROTHER KERRY WAYNE MALLEY**

Born September 14, 1960  
Died September 2, 1977  
Darling today has been two years, since God called you away.  
And it seems like 10 years, since we have seen that smiling face and heard that soft voice.  
With all your little jokes and all your laughter.  
Darling only God knows how much we miss you each day. Wishing the sky would open just for a glimpse of you. For the last two years we have mourned you so and now comes the time when we will let you go. We know at last your spirit is free.

Both teams inexperienced

# Hancock, Pass open season with annual gridiron rivalry

By RICH ADAMS  
Sports Editor

Hancock North Central Head Coach Irvin Favre Friday leads a squad on which 16 of 22 players have been replaced by inexperienced team members into battle as they open the season against Pass Christian, but the veteran skipper feels his experienced players returning will bring the Hawks to equality with the Pirates.

"Right now our defense is alright. The defense is playing as well as can be expected, considering we had to replace 16 of 22 players, more or less, including the punter and kicker," Favre said Monday.

The monster-man defense of the 1978 Wendell Ladner Memorial Bowl team may be broken up, but the winning spirit of the Hawks remains, according to the HNC skipper.

The attitude of all players is good, according to the head coach, and the squad is looking forward to the annual rivalry at Pirate Stadium.

On offense, Favre has Gene Breazeale returning as halfback, as well as proven veteran running back Willy Santiago.

Tight end turned halfback Byron Ladner is yet untested in that position, and will get a chance to try out his skills at the 7:30 p.m. season opener.

"We are coming along with the defense real well, but the offense is behind," Favre said.

"The lack of the sharpness they need to be consistent," he added.

Favre said the Hawks have been training hard in August, beginning with twice a day practices.

"They have a real good attitude," the coach said.

He contends his team, as does Pass Christian Head Coach Bob Lumpkin, is smaller than in past years, lacking an average of 15 pounds per man.

The quarterback slot was left open this Spring as starter Vincent Adams graduated, and Bobby Devaughn will try his hand in a regular game for the first time Friday in the signal calling position.

"We feel Bobby can come through for us. He is interested in the position, and he did real well this Spring," Favre said.

He said not much depth can be found in the Hawk backfield, with the loss of 1,000-yard gainer Greg Ladner, an All-Star team member.

"We don't have much depth to do the job in the offensive backfield," Favre stated.

"Willy Santiago proved himself a fine running back last year, and he can do the job well," he continued.

"Byron Ladner is an outstanding tight end, but he has never started out in the running back position," the HNC coach added.

"That gives us two out of four in the backfield with experience," Favre stated.

The game will be a rough, physical meeting of the rivals, according to Favre.

"It will definitely be a physical match. Anytime we meet with Pass Christian, it will be a tough, hard hitting game," the head coach said.

"Pass is a very physical team. Each year they are at the top of the list with d'Iberville. To stay up there, you have to be physical," he continued.

"I am not only concerned with staying in the game with the Pirates and trying to win the contest, but also to do that without sustaining any injuries to my players which may put them out the rest of the year," Favre added.

The Hawk skipper said he has no set game pattern, but must mix passing and a ground attack together and "play the game by ear."

"Any coach will go into a game with a plan, but maybe he will throw a little more or pass a little more," Favre explained.

"Mainly, we have to play the game by ear," he continued.

"Our defense will have to contain the Pass offensive ground game," Favre said, citing Pass running back Gene Lang for his speed through the line.

"We have to try to keep him inside instead of going outside of us and picking up speed," Favre added.

Favre said the Pass squad will have a minor home field advantage, but not so much if the opposing team were more distant.

"Since we are just 30 to 35 minutes away, there is not really an advantage," Favre explained.

"The big thing is that we must travel to them, and in that hour of getting suited up and going over to the Pass, we become more nervous than if we just suited up and went on to our field from the field house," he continued.

"Also, not meaning to slight the Pass field, we are not used to playing on a rough field. We have a fine stadium here, and the Pass Christian field is a little rough," he added.

The HNC helmetsman said he has one unanswered question concerning his young, inexperienced team; whether they can hold up and fight back if they are experiencing a loss.

"The team is young, and they may fold if Pass Christian gets ahead," Favre said.

Two relatively inexperienced teams face each other at Pirate Stadium tomorrow night as Hancock North Central and Pass Christian open the gridiron season here in an annual bitter rivalry, usually reserved for the final game of the season.

Both teams go into the contest, which begins at 7:30 p.m., with untested quarterbacks and a number of yet untried linebackers and running backs.

The Hawks, last years' Hancock County champions and unsuccessful contenders in the Wendell Ladner Memorial Bowl, are skipped by Irvin Favre, who led the squad to a 20-game winning streak in the 1977-78 and 1978-79 seasons.

Pass Christian, led by Head Coach Bob Lumpkin, have been an annual powerhouse in their conference and were contenders in the Pickle Bowl last year. They were defeated in that contest by the Lumberton Panthers.

The Pirates lost their quarterback, Virgil Swannier, and star running back, Mackie Dedeaux, to graduation and must fill those positions with untested performers.

Hancock North Central, in a similar situation, faces filling the slots of quarterback Vincent Adams and

running back Greg Ladner.

Both teams had the opportunity to test their squads in the first Spring Football Jamboree in March, in which the Hawks were pitted against St. Stanislaus and Bay High and the Pirates took on Long Beach, Harrison Central, and St. Martin.

Hancock was edged by the SSS Rock-A-Chaws in their exhibition game 14-7, but secured an impressive victory over the Tigers 7-0.

Lumpkin's Pirates slated a 24-6 slaughter over the Long Beach Bearcats, tied the St. Martin Yellowjackets 8-8, and were defeated by the Harrison Central squad, 6-0.

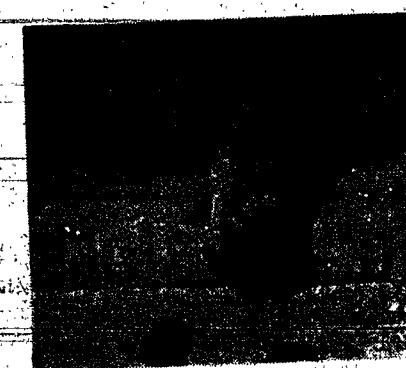

The Pirates will depend primarily on a ground game as they depend upon veteran running back Gene Lang to speed downfield to paydirt if he gets a proper break through a tough HNC defensive line.

Hancock, on the other hand, has no established game plan which stresses one particular pattern, but rather plays the game "by ear."

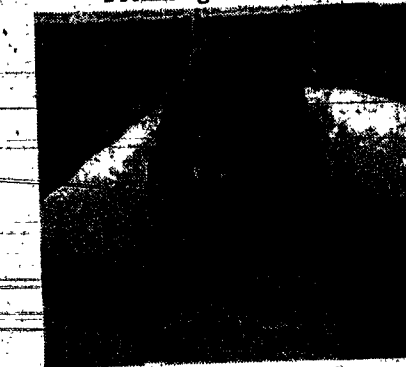

Veteran running back Willy Santiago will be the primary force behind the HNC running game, as tight end turned halfback Byron Ladner has not yet been tested in that position.

The game promises to be a hard-hitting, physical battle to open the season for Hancock County football.

Although lacking the size of the past winning squads, the Pass Christian Pirates have the determination and proper attitude to do big things this year as they open gridiron season against Hancock North Central at Pirate Stadium Friday at 7:30 p.m., according to Head Coach Bob Lumpkin.

"We are a physically smaller team than last year, and we have to replace nine starters from the offensive team and six starters from the defensive squad," Lumpkin said Monday.

"We have a good number of kids about 46 but we are inexperienced," the Pirate skipper explained.

The loss of quarterback Virgil Swannier and back-up quarterback Pat Barnes will be felt by the team, but Lumpkin is hoping Swannier's brother, Cornell, will be able to fill the slot.

"I am starting Cornell Swannier, Virgil's brother. He is a senior, but is really a rookie at that position," Lumpkin said.

"He has been on the team three years, but never really had a chance to play in the starting quarterback position," he continued.

"He did a fine job for us in the Spring, though," Lumpkin explained.

Lumpkin said the signal calling spot was up for grabs earlier in Spring training, but the loss of quarterback Earl Conway with a knee injury limited the decision to Swannier.

"It would have been a real battle for that position," the head coach stated.

The loss of star running back Mackie Dedeaux, also a 1979 graduate from Pass High, will put a dent in the Pirate backfield as well as the defensive backfield.

"Mackie did an outstanding job for us last year," Lumpkin said.

But the coach has two other running back artists to fall back on, John Pat Swannier and Gene Lang.

"John Pat Swannier is in the defensive backfield, and I feel he can do the job. He runs well and blocks well," the head coach said.

"I have Gene Lang returning as tail back. He did a good job last year," Lumpkin continued.

"I believe Lang is probably the fastest running back on the Gulf Coast. If he has a hole, he can break through for us," the head Pirate added.

Lumpkin said he will pattern his game Friday on a ground attack against the HNC team, pitting Lang and the offensive line against the HNC defensive monster-men.

"To be successful, we have to be run-oriented. We will have to execute a good ground game against Hancock," Lumpkin said.

Lumpkin will start this season with an inexperienced defense, similar to the predicament he faced last year with his bowl-bound players.

The Pirates' defense had little control over their opponent's offense, until mid-season when Lumpkin rebuilt his defensive squad.

The result of that defensive change-over was a berth in the Pickle Bowl against the Lumberton Panthers.

"We are not big anywhere on the team, physically, but we have good, quick people on defense," Lumpkin said.

"We will just have to wait and see what happens this year. I believe we can get to the ball real good," he added.

The annual match between Hancock and Pass Christian is a bitter rivalry, and Lumpkin respects the Hawk squad and coaching staff, led by HNC Skipper Irvin Favre.

"I saw Hancock play in their Spring Jamboree. They are tough and we will have to play a tough ball game on our part," Lumpkin said.

"Irvin Favre and his staff do a great job with the Hancock squad," he added.

Coach Lumpkin predicts that the contest, an annual rivalry, will be a physical meeting of the two powerhouses.

"It is bound to be a physical game anytime Pass Christian and Hancock North Central get together," Lumpkin said.

"This being the first game of the season, nobody will be out with injuries and everyone will be ready to play. We will be psyched up for the meeting," the Pirate skipper added.

As to any home field advantage, Lumpkin said Hancock will have a large amount of supporters in the stands and that the usual advantage of a home team will nearly be nil.

"The only time you have an advantage is when the opposing team has no crowd. I feel we have a slight advantage, but neither team will be intimidated by the noise," Lumpkin explained.

"There is an added factor in that the Hancock players know our players personally, and they will not be intimidated by that either," he added.

# SIDELINE SYNOPSIS

By Rich Adams  
Sports Editor

The players and fans are seething with anticipation. The marching bands have drilled and know their precision drills and music by heart. Cheerleaders have unpacked their pom-poms and are ready to cheer until hoarse. It's football season again.

Friday night the parking lot at Pirate Stadium in Pass Christian will be filled with cars from Hancock and Harrison Counties as two perennial powerhouses meet head on in the season opener, a bitter rivalry usually reserved until the final portion of the season.

Hancock North Central and Pass Christian both annual bowl game contenders meet tomorrow night in the season opener, which both coaches say will be a physical, hard-hitting contest. Irvin Favre of HNC led his squads in 1977-78 and 1978-79 to a 19-game win streak, which was shattered at mid-season last year by the Notre Dame Rebels.

The Hawks remained winners, however, and captured a berth in the Wendell Ladner Memorial Bowl.

The Pirates, led by second-year Head Coach Bob Lumpkin, started his maiden season off slow, but rebounded into bowl game contenders after rebuilding his super-defense.

At their last meeting, a game after Pass restructured its defense, the Hawks were shut out 35-0.

Pass Christian held the Hawks to 62 yards on the ground that game, despite the efforts of 1,000 yard gainer Greg Ladner.

However, the Hawks and Pirates both lost signal callers and key runningbacks in the process of graduation, and must begin with untried, raw material.

Perhaps feeling the effects of those losses most will be the Hawks, losing Ladner, quarterback Vincent Adams, and All-Star defensive monster-man Richard Storey.

Starting on offense for the HNC crew

will be quarterback Bobby Devaughn, who seems to favor aeriels over a ground attack.

Devaughn debuted during the Spring Jamboree, and was impressive as the signal caller for the Hawks against Bay High.

Devaughn showed talent in evading tacklers as he scrambled for long yardage against St. Stanislaus' tough defense on many broken plays and quarterback sneaks.

Senior veteran Willy Santiago will be back for the Hawks, a key runningback who performed well last year as a starter.

Byron Ladner, a tight end turned halfback, is yet untested in that position in a regular game, but proved he can use his size to break through the line and score during the Spring Jamboree.

The Pirates lost star runningbacks Mackie Dedeaux and Robert Bailey, along with starting signal caller Virgil Swannier to graduation, but will come on strong with Gene Lang, cited by his coach as the fastest back on the Gulf Coast.

Lang proved that last year as he ran for three touchdowns in a game against St. John, taking the opening kickoff 94 yards for a score, and running in for scores from 16 yards and two yards.

Swannier's brother, Cornell, will take the helm for the Pirates in the opener, and it will be interesting to see if he can handle that position as calmly as his brother did.

All considered, I will have to predict the Pirates will have a slight edge over the Hawks in this season opener, and will squeeze by with a victory.

But fans can expect a fast, rough, hard-hitting, and close contest Friday night as the two traditional powerhouses clash to open the 1979-1980 football season with a big bang.

## Area soccer team sign up slated

Sign up for Bay-Waveland area soccer teams will be conducted Saturday, Sept. 1 and Sept. 8 at Lutheran Church of the Pines on US-90 in Waveland from 9 a.m. to 12 p.m.

A registration fee of \$12 to cover insurance policies, jerseys, and other expenses will be charged.

"We had a turn out of about 50 to 60 youth at the soccer clinic last Saturday," said Soccer Chairman Tom Demboski. "I think that was pretty good considering the threat of rain."

"About 40 percent of those participating in the soccer clinic last Saturday were new to the soccer program. That is a good sign that soccer is a growing sport in our area," Demboski continued.

"We are hopeful of getting almost all of last year's players to return, and with the added players, should be able to field at least one team in every age division," he added.

Players registering for teams in the Bay-Waveland Soccer Program will be competing in the South Mississippi Soccer Club and games will be staged in Gulfport on Saturdays beginning in October.

"At this point in the beginning of soccer season I have to be enthusiastic," Demboski said.

"We had a good turn out for youth under eight division and

## USM slates volleyball games

The University of Southern Mississippi athletic director has announced the school's first-ever volleyball schedule. Volleyball and softball are new sports added to the women's varsity program for 1979-80.

The schedule is highlighted by three tri-matches in USM's Reed-Green Coliseum involving Northeast Louisiana, Mississippi State, Ole Miss, New Orleans.

The Lady Eagles will also participate in the Southeastern Louisiana Invitational and the Mississippi Association of Intercollegiate Athletics for Women (MAIAW) state tournament.

"We are surprised by the quality of competition we were able to schedule in our first season of competing," said new USM volleyball coach Monica Cowen. "But

we are looking forward to facing the challenge and we're confident we can field a competitive squad."

The 1979-80 schedule includes:

Sept. 21 - University of New Orleans & Florida International at New Orleans;

Oct. 3 Northeast Louisiana and Mississippi State, Home;

Oct. 5-6 - at Louisiana Invitational; Oct. 9 - Ole Miss and

Mississippi State at Oxford, MS; Oct. 19 - Ole Miss and University of New Orleans, Home; Oct. 23 - MUV and

Mississippi State at Columbus, MS; Oct. 27 - Northeast Louisiana and Nicholls State

at Monroe, LA; Oct. 31 - Mississippi State and Jackson State, Home; Nov. 9 - 10 - MAIAW State Tournament at

Columbus, MS.

## Biloxi Bucs slate picture day here

By RICH ADAMS  
Sports Editor

The Biloxi Buccaneers, a semi-professional football team which conducts practices in Pass Christian, will participate in a picture day at Buccaneer State Park in Hancock County Saturday from 9:30 a.m. until 11:30 a.m.

The Buccaneers began training early this Spring, and have expanded from a handful of players to a squad of 46 gridiron specialists from Hancock, Harrison, and Jackson Counties, according to Line Coach Yogi McKay of Bay St. Louis.

The squad was composed of 69 players last month, but was

cut to the required 46 as coaches weeded out less talented team members.

The unit is supported by businesses in Biloxi and Gulfport, and McKay says he hopes to receive support from Pass Christian and Hancock County businessmen in the future.

The Bucs are members of the Dixie Semi-Professional Football League, and have slated 11 games for the regular season, which begins Sept. 8.

Home games for the Buccaneers will be played in either Milner Stadium in Gulfport or Biloxi Stadium, and McKay said he hopes to

slate an open game Nov. 10 at a Hancock County field.

The Biloxi Bucs will vie against teams such as Birmingham, Ala.; Pensacola, Fla.; Crescent City, Kenner City, Orleans; and New Orleans.

The squad is composed of former high school and college players, along with some former professional gridiron specialists, and even players who never played organized football before, McKay stated.

The line coach said the most recent addition to the lineup is Jim Gaudet, a New Orleans Saints contender who was cut from the Vero Beach training camp earlier this year.

### Three wins recorded

## Area boxing club returns from Biloxi

By RICH ADAMS  
Sports Editor

The recently formed Bay-Kiln-Waveland Boxing Club traveled to Biloxi recently and participated in five bouts with other Coastian pugilists, getting top billing in the main and semi-main events.

John Whisenant, head boxing coach, reported his team took three of five bouts, but lost the two big battles. Joe Goodman, a possible Olympic contender, was outpointed in the main event

by Sylvester White of the Biloxi squad.

The match went the distance, three two-minute rounds, before the split decision was handed in.

Nicky Slade of the Bay-Kiln-Waveland squad "ran out of gas in the third round" according to Whisenant, and lost his bout with Patrick Walker of the Biloxi Boxing Club.

Jerry Carson, a 14-year-old flyweight, defeated Bill Betia

of Biloxi in the second round of a scheduled three round fight. Betia was stopped 32 seconds into the second round by the boxer from Waveland. 15-year-old Ted Books of Kille, outpointed Jeffery Adams of Ocean Springs in another bout in the series, the fight going the distance of three one-minute rounds.

Neil Lehto, 11, stopped Paul Betia of Biloxi early in the first round in his bout.

The fight was Lehto's second career bout. "Both Betias are ROC—they cannot fight for seven days according to the doctors," Whisenant said Monday.

"We could not find opponents for middleweight Henry Malley of Delisle or his brother, Kirby, a lightweight," the head coach continued.

"We did real well and won 60 percent of our bouts very decisively. We fought against some real good boys," he added.

"We only got two warnings in all out matches, one for slipping and another for pushing," Whisenant stated.

The local team will go against the Mississippi City boxers Saturday in the Mississippi City Elementary School gymnasium.

The boxers will work out in the rear of the Disabled American Veteran's building on Main Street in Bay St. Louis.

## Golden eagle SPORTS NEWS

The University of Southern Mississippi's cross country and indoor and outdoor track schedules for 1979-80 have been announced by athletic director Roland Dale, who said additional events will be scheduled if needed to meet NCAA guidelines.

Indoor track and cross country, along with swimming, are new to USM's varsity program, while outdoor track is being revived. "We feel our schedules are ambitious and will provide strong challenges for coach (Marshall) Bell and his teams," Dale said.

The indoor track season will begin with the annual United States Track Field Federation Meet in Jackson, which will

pit the Eagles against some of the South's finest teams. They will also compete in the Auburn Invitational, the Montgomery (Ala.) Invitational and the Senior Bowl Track Meet in Mobile, Ala.

The outdoor track season gets underway on March 11 with the Eagles running in the Southeastern Invitational at Bogalusa, La. USM will also run in the Troy Relays, the Auburn Invitational and the South Alabama Invitational.
